

# Temporary Deviation – Crompton Road/ Shepstone Road Intersection - To complete a pipe crossing

Dear Valued Citizen

Please be advised of the temporary deviation, which is proposed to be instituted at the Crompton/ Shepstone road intersection in New Germany.

Construction in this area will begin at 07:00 on Saturday, 8<sup>th</sup> April and will end at 17:00 on Sunday, 9<sup>th</sup> April.

A new water pipe will be laid across Crompton Road during this time period.

Motorists will have access to Crompton Road from Shepstone, but the road will be reduced from four lanes to two. One-half of Crompton road will be closed and traffic will be placed on the other half (as shown in the diagram below as part 1). Once work has been completed on the first half, traffic will be placed onto the previously closed area until the whole job is complete (shown as part 2).

Motorists can also access Shepstone road via Cherry Lane if they wish, this route is indicated by the detour signs on the drawings.

Motorists are requested to use the alternative routes on the affected days to avoid delays.

Your patience and understanding will be appreciated.
